RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EUREKA  
ESTABLISHING WATER RATE CHARGES

BE IT RESOLVED by the City Council of the City of Eureka, as follows:

WHEREAS, City Staff have analyzed the City's water treatment and delivery costs; and

WHEREAS, it is necessary for the City's Water System to raise sufficient revenues to operate and maintain the system in accordance with public health requirements and without subsidy from the General Fund; and

WHEREAS, City Staff has identified a number of Water System improvements that are necessary to insure an uninterrupted water supply to the City's customers; and

WHEREAS, the water fund's operational and maintenance reserves must be rebuilt to an adequate level of operating expenditures; and

WHEREAS, to address these funding needs City Staff prepared a water system cost of service analysis. This analysis was prepared to determine that the system user rates would adequately recover system operating costs and provide sufficient funds to meet planned water system infrastructure improvements. The new rates would continue the City's practice of recovering system costs from users in proportion to the demands each places upon the Water Utility System; and

WHEREAS, the proposed rate increases will provide approximately \$1,577,000 of additional water system revenues by the end of fiscal year 2008-09. With these added revenues, future operating costs of the Water Fund will be adequately addressed; the Fund's operational and maintenance reserves will be rebuilt to a two month level of operating expenditures; the water system capital improvement fund is restored to provide funding for future system improvements.

NOW THEREFORE, Be It Resolved as follows:

Section 1. Water Service Charges.

(a) Service Charges. The monthly service charges for water service within the City shall be as follows:

METER SIZE (Inches)	Minimum Service Charge (effective on dates specified)

1-1/2	27.56	31.15	31.46	32.40	32.73
2	38.76	43.80	44.24	45.56	46.02
3	84.50	95.49	96.44	99.34	100.33

8	436.92	493.72	498.66	513.62	518.75

The Service Charge for multiple meter manifolds shall bear the same proportion to the Service Charge for single meter installations that the peak capacity such multiple manifold bears to the peak capacity of single meters.

- (b) Quantity Charge. The Service Charge is a readiness to serve charge to which is added the charges for water used computed at the Metered Rates as set forth below. It is proposed these rates will be effective on September 1, 2004 and July 1<sup>st</sup> in 2005, 2006, 2007, and 2008.

Residential Users (rate per 100 cubic feet):

<u>2004</u>	<u>2005</u>	<u>2006</u>	<u>2007</u>	<u>2008</u>

- (c) Extraterritorial Service. The monthly service charge for water service to property outside the City shall be charged at two and one-half (2-1/2) times the rates for water service to property within the City.

Section 2. Effective Date.

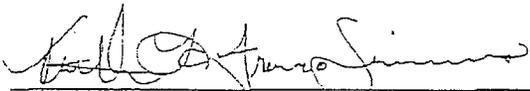

The rates specified in Section 1 shall become effective and shall be imposed during the billing cycle following September 1, 2004, and July 1<sup>st</sup> of 2005, 2006, 2007 and 2008.
