## Mission .

*We take pride in service to our community, knowing that we are making a positive difference every day. There is no higher service in our Community than that of peacemaker and peacekeeper. Police Department members believe in the future of our City and in the men, women and children who will make that future happen. We accept the personal dangers, trusting that our citizens understand the risks we take for them. We believe they support us in our efforts to protect them from harm and to improve the quality of life in the City of Eureka. We honor their belief in us. We take pride in striving to achieve and maintain the highest standards of ethics, integrity and professional conduct while providing Community-based policing in Eureka. Duty...Honor... Community...We live by the meaning and emotional content of these words. To follow their intent is to be true to oneself, our Department and the law enforcement profession.*

*Our core mission is to protect people from harm and improve the quality of life in our community. Success requires both individual achievement and teamwork. Our individual accomplishments support and strengthen the team. The efforts of all Department members working together, when supported by our Community and elected officials, will make the difference.*

*We are the Thin Blue Line, the circle of protection for the men, women and children of our Community. We will not fail them – or ourselves.*

**DEPARTMENT DESCRIPTION:**

The Eureka Police Department is responsible for safeguarding lives and property, the preservation of constitutional rights, and the maintenance of quality of life to promote safe and secure neighborhoods for our citizens. The four divisions that carry out these core functions are Field Services, Field Support, Support Services, and Community Response. The Department is a full-service police organization that responds to a wide-range of calls for service, and provides a number of community support and outreach programs to promote police/community partnerships. These programs include Crime Prevention, School Resource Officer (SRO), Eureka Volunteer Patrol (EVP), and our Community Response Division.

The primary function of the Field Services Division is to respond to emergency and non-emergency calls for service, reporting and documentation of crimes and unusual incidents, arrest of suspects, resolution of disputes, and the patrol of our residential and business communities.

A major responsibility of the Department is traffic safety, enforcement, and collision investigation. The Traffic Section investigates traffic collisions, enforces the provisions of the California Vehicle Code, and conducts DUI and seatbelt checkpoints. In addition to administering grants from the Office of Traffic Safety (OTS), the Traffic Section addresses city-wide traffic issues through enforcement, education and engineering.

The Department is also responsible for the follow-up investigation of crimes such as homicide, robbery, rape and other sexual offenses, aggravated assault, narcotics, child abuse, domestic violence, gang crimes, vehicle theft as well as grand and petty larceny.

The Department's support sections such as Communications, Records, and Property are also key components to its overall function.

**DEPARTMENT:** Police  
**PROGRAM:** Problem Oriented Policing

**FUND:** General  
**ACCOUNT:** 42127

**PROGRAM MISSION:**

The mission of the Problem Oriented Policing Team is to leverage the community to actively engage in collaborating on prevention and problem-solving activities, with the goal of reducing victimization, disorder, fear of crime, and quality of life issues.

**PROGRAM DESCRIPTION:**

Problem Oriented Policing is the primary strategy of Community Oriented Policing, and involves a comprehensive framework for improving the capacity to perform our mission. The community and police work together analyzing community problems and developing customized responses to them. Problems are identified by the Problem Oriented Policing Team, uniformed patrol, and the community as recurring incidents or matters of concern. These problems are then addressed with the four-step SARA model:

- Scanning:** Problems are identified.
- Analysis:** Questions are asked to learn everything possible about the problem.
- Response:** Based on careful analysis, a custom-made response to the problem is tried.
- Assessment:** The response is evaluated to see if the problem was solved or reduced.

Problem Oriented Policing complements the use of proven and established enforcement strategies, and increases the assortment of tools available to officers and other staff that can be collectively employed to prevent and combat community problems. It applies to a variety of substantive problem types, from minor quality of life issues to serious offenses.
