

C TO F STREET CHARRETTE: FINAL MEETING

During the last week of July, the City hosted a series of public design meetings to create a development vision for C Street to F Street along the Eureka boardwalk. A team of local architects have compiled the data from the meetings into six final designs, which will aid the City in the production of a master plan intended to guide and stimulate high-quality development projects at the site.

The City is hosting a follow-up meeting on February 24th, 2016 from 5:00 PM to 7:00 PM in the Wharfinger Great Room. The meeting will include a presentation of the top 6 designs, a panel discussion regarding the financial and developmental realities of the site, and a period for public comment and Q&A.
