

CITY OF EUREKA

Category: ENGINEERING

POLICIES & PROCEDURES

Subject: STREET LIGHTING

Date Adopted: September 1, 1977

File Number 6.42

POLICY OBJECTIVE

To clarify the City's position in regard to the installation of streetlights.

ASSIGNED RESPONSIBILITY

Engineering Department

APPLICABILITY

Applicable to all requests made to the City regarding street light installation.

PROCEDURES

As determined necessary, streetlights shall be placed on City streets only with the exception of the Central Business District area where lights may be placed in alleys as an aid to Police security.

All street light requests shall be reviewed utilizing the following criteria:

1. Streetlights shall be placed at maximum intervals of 300 feet in residential areas.
2. Streetlights shall normally be placed at all intersections of City streets.
3. Light Wattage for Commercial areas shall be 200w High Pressure Sodium. Wattage for residential areas shall be 70w High Pressure Sodium.
